Welcome to CCoE

At **CHANAB Centre of Excellence (CCoE)**, we believe education should inspire young minds, build strong character, and prepare students for a successful future. Our approach combines academic excellence with Islamic values, innovation, and individual care to help every child reach their full potential.

We don't just prepare students for examinations—we prepare them for life.

Education Without Burden

As part of our commitment to student well-being, CCoE has introduced **Education Without Burden** through its **Classroom Learning Library**. Prescribed textbooks remain in every classroom, enabling students to carry only the notebooks required according to the homework schedule, along with their student diary, lunch box, and water bottle.

Lighter bags. Better health. Greater focus on learning.

Why Parents Choose CCoE

✓ 34+ Years of Educational Leadership

Built on decades of educational excellence under the leadership of **Prof. Muhammad Aftab Tariq**.

✓ Concept-Based Learning

Students learn to understand, question, analyse, and apply knowledge instead of memorising answers.

✓ Purpose-Built Campus

Modern classrooms, science and computer laboratories, and dedicated learning spaces designed to inspire effective learning.

✓ Separate Classes for Boys & Girls

A focused learning environment that promotes confidence, discipline, respect, and equal opportunities.

✓ Character & Islamic Tarbiyah

Strong values, Akhlaq, discipline, honesty, and responsibility are integrated into everyday school life.

✓ Future-Ready Education

STEM, Artificial Intelligence, digital literacy, innovation, and critical thinking prepare students for tomorrow.

✓ Experienced & Caring Faculty

Dedicated educators provide personalised guidance and individual attention to help every child succeed.

✓ Safe & Disciplined Environment

A secure, respectful, and nurturing campus where students learn with confidence.

✓ Strong Parent Partnership

Open communication and collaboration ensure every child's academic and personal growth.

We Don't Just Teach — We Inspire.

About CHANAB Centre of Excellence

Inspiring Excellence. Shaping Character. Building the Future.

CHANAB Centre of Excellence (CCoE) was established with a clear vision—to provide an educational experience that empowers students to excel academically while developing the character, confidence, and values needed to lead meaningful lives.

We believe education is a lifelong journey of discovery, growth, and service. Our purpose is to nurture young minds in an environment where learning is inspiring, relationships are built on respect, and every student is encouraged to realise their full potential.

Our Story

CCoE was founded by **Prof. Muhammad Aftab Tariq**, a distinguished educationist whose career spans more than **34 years** in teaching, educational leadership, and institutional development.

Drawing upon decades of experience, he envisioned a school that combines strong educational standards with a nurturing culture—where students are encouraged not only to achieve academic success but also to grow into principled, responsible, and compassionate individuals.

That vision became **CHANAB Centre of Excellence**.

Our Vision

To be a leading educational institution recognised for developing confident learners, ethical leaders, and responsible citizens who contribute positively to society.

Our Mission

To provide an enriching educational environment that inspires intellectual curiosity, promotes lifelong learning, and nurtures integrity, discipline, and compassion, enabling every student to achieve excellence in education and in life.

Our Educational Philosophy

At CCoE, we believe every child has unique abilities and unlimited potential.

Our role is to inspire curiosity, encourage independent thinking, strengthen self-confidence, and cultivate values that guide students throughout their lives. We strive to create an atmosphere where students enjoy learning, embrace challenges, and develop into thoughtful individuals who make informed decisions and meaningful contributions to society.

Our Core Values

Everything we do is guided by values that define our culture and shape our community.

- Excellence
- Integrity
- Respect
- Responsibility
- Discipline
- Compassion
- Innovation
- Leadership
- Service

These values influence every interaction, every decision, and every learning experience at CCoE.

Our Commitment

We are committed to creating an environment where every student feels respected, supported, and inspired to succeed.

Our success is measured not only by academic achievement but also by the confidence, character, and positive impact our students carry into their families, communities, and the wider world.

Looking Ahead

As we continue to grow, our commitment remains unchanged—to provide an education that equips students with the knowledge, values, and confidence to embrace the opportunities of tomorrow while remaining grounded in integrity and purpose.

At CHANAB Centre of Excellence, we are shaping more than successful students—we are shaping the future.

Message from the Founder & Chairman

Prof. Muhammad Aftab Tariq

Founder & Chairman, CHANAB Centre of Excellence

"Education is not merely about preparing children for examinations; it is about preparing them for life."

Assalam-o-Alaikum,

Welcome to **CHANAB Centre of Excellence (CCoE)**.

After dedicating more than **34 years** to education, I came to one firm conviction: every child deserves an institution that nurtures not only academic excellence but also strong character, Islamic values, confidence, and a lifelong love of learning.

This conviction inspired the establishment of **CHANAB Centre of Excellence**—an institution founded on the belief that true education develops the whole person. While academic success is important, it is character, integrity, discipline, and compassion that define an individual's lasting contribution to society.

At CCoE, we are committed to creating an environment where students are encouraged to think independently, learn with curiosity, and grow with confidence. Alongside quality education, we place great emphasis on **Islamic Tarbiyah and Akhlaq**, helping students become respectful, responsible, and morally grounded individuals who serve their families, their nation, and humanity with sincerity.

Our purpose is simple:

"To educate minds, build character, and inspire responsible future leaders."

Every decision we make is guided by what is best for our students, ensuring they receive an education that prepares them not only for higher studies and successful careers but also for a meaningful and purposeful life.

I firmly believe that parents and educational institutions are partners in shaping the next generation. With mutual trust, shared values, and a common commitment to excellence, we can provide our children with opportunities to realise their full potential.

I warmly invite you to visit CHANAB Centre of Excellence, meet our dedicated educators, and experience an institution where learning is meaningful, values are lived, and every child is encouraged to excel.

Thank you for placing your trust in us. We look forward to welcoming your family to the CCoE community.

With warm regards,

Prof. Muhammad Aftab Tariq
Founder & Chairman
CHANAB Centre of Excellence

Why Choose CHANAB Centre of Excellence?

An Institution Where Every Child is Inspired to Learn, Grow, and Excel

Choosing the right educational institution is one of the most important decisions a family can make. At **CHANAB Centre of Excellence (CCoE)**, every aspect of the learning experience is thoughtfully designed to help students achieve academic success while developing the confidence, character, and values needed for a successful future.

34+ Years of Educational Leadership

CCoE is built upon more than three decades of educational leadership and experience. Our institution reflects proven educational practices, high academic standards, and a deep understanding of what helps students succeed.

Education Without Burden

Our innovative **Classroom Learning Library** keeps prescribed textbooks in every classroom, allowing students to carry only essential notebooks. This student-friendly approach promotes healthier habits, better organisation, and greater focus on learning.

Purpose-Built Campus

Our campus is designed to provide an engaging, safe, and inspiring learning environment, featuring modern classrooms, well-equipped science and computer laboratories, and dedicated spaces that support effective teaching and learning.

Separate Classes for Boys & Girls

CCoE provides separate classes for boys and girls to create a focused learning environment that encourages confidence, discipline, participation, and respect while ensuring equal educational opportunities for all students.

Individual Attention

We recognise that every child learns differently. Our teachers provide personalised guidance and encouragement, helping each student build confidence, overcome challenges, and achieve their full potential.

Future-Ready Learning

Students are prepared for tomorrow through exposure to STEM education, Artificial Intelligence awareness, digital literacy, innovation, and critical thinking—skills that are increasingly essential in higher education and the modern world.

Safe & Supportive Environment

A positive learning environment is essential for success. We maintain a secure, disciplined, and caring atmosphere where students feel respected, valued, and motivated to achieve their best.

A Strong Partnership with Parents

We believe the best educational outcomes are achieved when parents and the institution work together. Open communication and mutual trust enable us to support every student's academic, personal, and character development.

The CCoE Difference

At CHANAB Centre of Excellence, students benefit from:

- 34+ Years of Educational Leadership
- Education Without Burden
- Purpose-Built Campus
- Separate Classes for Boys & Girls
- Individual Attention
- Future-Ready Learning
- Safe & Disciplined Environment
- Strong Parent Partnership

Invest in Your Child's Future

Choosing CCoE means choosing an institution committed to excellence, integrity, and the holistic development of every student.

We invite you to visit our campus, meet our educators, and experience the difference that thoughtful education and genuine care can make.

Your child's future begins here.

Academics

Empowering Minds Through Meaningful Learning

At **CHANAB Centre of Excellence (CCoE)**, we believe that education should inspire curiosity, encourage independent thinking, and develop the confidence to apply knowledge in real life. Our academic programmes are designed to help students build a strong foundation, achieve academic excellence, and prepare for lifelong success.

Academic Programmes

Middle School

Grades VI–VIII (Pre-9th)

A strong academic foundation that develops subject knowledge, study skills, critical thinking, and confidence while preparing students for higher learning.

Matriculation

Grades IX–X

Study Groups

- Science
- Arts

Students receive comprehensive preparation for the **Federal Board of Intermediate & Secondary Education (FBISE)** examinations while strengthening analytical and problem-solving skills.

Intermediate

Grades XI–XII

Programmes Offered

- Pre-Medical
- Pre-Engineering
- ICS
- I.Com
- Humanities

Our Higher Secondary programmes prepare students for university education and professional careers through academic excellence and practical understanding.

FBISE Curriculum

CCoE follows the curriculum prescribed by the **Federal Board of Intermediate & Secondary Education (FBISE)**. Learning is enriched through modern teaching strategies, continuous assessment, and practical application to ensure students gain both knowledge and understanding.

Teaching Methodology

Our classrooms encourage active participation and meaningful learning. Students are inspired to explore ideas, ask questions, collaborate with others, and apply knowledge with confidence.

Teaching includes:

- Interactive classroom discussions
- Activity-based learning
- Project-based learning
- Practical demonstrations
- Collaborative learning
- Educational technology
- Research and presentations

IMPORTANT: To strengthen this page, consider adding a row of visual icons or cards beneath the "Teaching Methodology" section for:

- ***Concept-Based Learning***
- ***Practical Learning***
- ***Critical Thinking***
- ***STEM & AI***
- ***Continuous Assessment***
- ***Digital Learning***

These visual elements can reinforce your academic approach without adding more text.

Assessment for Growth

Assessment at CCoE is designed to support continuous improvement rather than simply measure performance.

Students are evaluated through:

- Classroom participation
- Assignments and projects
- Quizzes and periodic assessments
- Term examinations
- Pre-board examinations

Regular feedback helps students recognise their strengths, overcome challenges, and achieve their academic goals.

STEM & Innovation

Innovation is an essential part of modern education. Students are introduced to STEM learning through practical experiences that encourage curiosity, creativity, and logical thinking.

Learning opportunities include:

- Science exploration
- Technology integration
- Artificial Intelligence awareness
- Robotics exposure
- Coding fundamentals
- Research and innovation projects

Language & Communication

Strong communication skills are essential for academic and professional success. Students develop proficiency in English and Urdu through reading, writing, presentations, discussions, and public speaking, building confidence in expressing ideas clearly and effectively.

Laboratories & Learning Resources

Practical learning strengthens conceptual understanding. Our students benefit from access to:

- Science Laboratories
- Computer Laboratories
- Digital Learning Resources
- Library & Reading Facilities

These resources enable students to connect classroom learning with real-world application.

Preparing Students for the Future

Our academic approach equips students with the knowledge, skills, and confidence to:

- Think critically
- Solve problems creatively
- Communicate effectively
- Adapt to changing technologies
- Succeed in higher education
- Lead with confidence and responsibility

Academic Excellence Begins Here

At CHANAB Centre of Excellence, learning goes beyond achieving excellent results. We inspire students to become confident thinkers, lifelong learners, and responsible individuals prepared to excel in an ever-changing world.

Student Life & Tarbiyah

Nurturing Character, Leadership, and Lifelong Values

At **CHANAB Centre of Excellence (CCoE)**, education extends beyond the classroom. We believe that every student should grow into a confident, disciplined, compassionate, and responsible individual.

Student life at CCoE provides opportunities to develop character, strengthen faith, discover talents, build leadership skills, and contribute positively to society.

Islamic Tarbiyah

Islamic Tarbiyah is at the heart of our institution. Through daily practice and positive role modelling, students are encouraged to develop:

- Love for Allah and His Messenger (ﷺ)
- Strong Islamic values
- Good manners (Akhlaq)
- Honesty and integrity
- Respect for parents, teachers, and others
- Self-discipline and responsibility

Our aim is to nurture individuals whose character reflects the values they learn.

Character Development

True success is measured not only by achievement but also by character.

Students are encouraged to practise:

- Respect
- Responsibility
- Compassion
- Humility
- Perseverance
- Teamwork
- Integrity

These values become part of everyday life, helping students build positive relationships and make responsible decisions.

Leadership Development

Leadership begins with confidence and a willingness to serve others.

Students are encouraged to participate in activities that strengthen communication, teamwork, decision-making, and responsibility through:

- Student Parliament
- Public Speaking
- Debates
- Leadership Workshops
- Community Service
- Institution Events

Every student is given opportunities to lead, contribute, and grow.

Clubs & Co-Curricular Activities

Learning continues beyond academics through activities that inspire creativity, collaboration, and innovation.

Students can participate in:

- Science Club
- Technology & Innovation Club
- Literary Society
- Debate Club
- Mathematics Club
- Islamic Society
- Art & Creative Activities
- Quiz Competitions

These experiences help students discover their interests and build confidence.

Sports & Physical Well-being

Physical activity plays an important role in a balanced education.

Students are encouraged to participate in sports and recreational activities that promote:

- Fitness
- Teamwork
- Discipline
- Confidence
- Healthy competition

Community Engagement

We encourage students to become caring and responsible members of society by participating in activities that promote:

- Community service
- Environmental awareness
- Social responsibility
- Volunteer initiatives

These experiences help students understand the importance of empathy, kindness, and service.

The CCoE Experience

Life at CCoE is built around meaningful experiences that help every student:

- Learn with curiosity
- Lead with confidence
- Live with integrity
- Serve with compassion
- Grow with purpose

Every day provides new opportunities to develop knowledge, strengthen character, and prepare for life's responsibilities.

Growing Responsible Individuals for Tomorrow

At CHANAB Centre of Excellence, our commitment extends beyond academic success. We strive to develop individuals who are morally grounded, socially responsible, and equipped with the confidence to make a positive difference wherever life takes them.

Admissions

Begin Your Child's Journey at CHANAB Centre of Excellence

Thank you for considering **CHANAB Centre of Excellence (CCoE)** for your child's education. We are delighted that you are exploring the opportunity to become part of our learning community.

Our admission process is transparent, straightforward, and designed to help every student begin their educational journey with confidence.

Admissions Open

Session 2026–2027

Admissions are open for:

Middle School

Grades VI–VIII (Pre-9th)

Matriculation

- Science
- Arts

Intermediate

- Pre-Medical
- Pre-Engineering
- ICS
- I.Com
- Humanities

Admission Process

Step 1

Complete the Admission Application Form.

Step 2

Submit the required documents.

Step 3

Appear in the Admission Assessment.

Step 4

Parent/Student interaction (where required).

Step 5

Receive the admission decision.

Step 6

Complete fee formalities and secure your seat.

Step 7

Welcome to the CCoE Family!

Admission Assessment

The admission assessment helps us understand each student's academic readiness and place them in the appropriate class.

The assessment may include:

- English
- Mathematics
- Urdu
- General Science / General Knowledge
- Analytical & Reasoning Skills

Required Documents

Please submit:

- Completed Admission Form
- Student's Form-B / Smart Card
- Parent/Guardian CNIC
- Passport-size Photographs
- Previous Result Card
- School Leaving Certificate (if applicable)
- Character Certificate (if applicable)

Original documents may be required for verification.

Scholarships & Fee Concessions

To encourage academic excellence and support deserving students, CCoE offers institutional concessions subject to policy.

These may include:

- Merit Scholarships
- Performance-Based Scholarships
- Need-Based Assistance
- Sibling Fee Concession
- Special Cases (subject to approval)

Visit Our Campus

We encourage parents and students to visit our campus before completing the admission process.

During your visit you can:

- Meet our academic team
- Explore classrooms and laboratories
- Learn about our programmes
- Ask questions about student life
- Experience the CCoE environment

Important Information

- Admissions are offered subject to seat availability.
- Limited class sizes ensure personalised attention.
- Early applications are encouraged.

Ready to Apply?

Our Admissions Team is here to guide you through every step of the process.

Education Without Burden

Less Weight. More Learning. Greater Growth.

At **CHANAB Centre of Excellence (CCoE)**, we believe children should carry **dreams, curiosity, and confidence**—not heavy school bags.

Our **Education Without Burden** initiative reflects our commitment to creating a healthier, happier, and more effective learning experience by reducing unnecessary physical burden and allowing students to focus on what truly matters—learning.

A Smarter Way to Learn

CCoE has introduced a **Classroom Learning Library** in every classroom, where all prescribed textbooks remain available throughout the academic year.

Instead of carrying heavy textbooks every day, students bring only:

- Required notebooks (as per the homework schedule)
- Student Diary
- Lunch Box
- Water Bottle

Everything else is available in the classroom when needed.

How It Works

Step 1

Students arrive with only their essential learning materials.

Step 2

During lessons, they use the prescribed textbooks available in the Classroom Learning Library.

Step 3

At the end of each lesson, textbooks are returned to the classroom library for the next class.

This simple system keeps learning organised while significantly reducing the weight students carry every day.

Benefits for Students

Our **Education Without Burden** initiative helps students:

- Carry lighter school bags
- Improve comfort and well-being
- Stay organised
- Focus more on learning

- Develop responsibility by caring for shared resources
- Enjoy a more positive educational experience

Benefits for Parents

Parents can feel confident knowing that their children:

- Carry only essential learning materials
- Spend less time organising heavy textbooks
- Learn in a structured and organised environment
- Benefit from a system designed with student well-being in mind

Learning Beyond Heavy Bags

At CCoE, removing unnecessary weight is only one part of our philosophy.

We also believe students should be free from the burden of rote memorisation. Our learning environment encourages understanding, curiosity, critical thinking, and meaningful participation so that knowledge is retained through understanding rather than repetition.

Our Commitment

Every initiative at CHANAB Centre of Excellence begins with one guiding principle:

"What is in the best interest of our students?"

Education Without Burden reflects our commitment to providing an educational environment that is thoughtful, student-centred, practical, and future-focused.

A Better Learning Experience Begins Here

By combining our Classroom Learning Library with a student-first approach, CHANAB Centre of Excellence creates an environment where students learn with greater comfort, confidence, and enthusiasm every day.

Light Bags. Happy Learners. Brighter Futures.

Campus & Facilities

A Purpose-Built Campus Designed for Learning, Growth, and Well-Being

At **CHANAB Centre of Excellence (CCoE)**, every learning space has been thoughtfully designed to provide students with a safe, comfortable, and inspiring environment. Our campus supports academic excellence while encouraging creativity, collaboration, and personal growth.

Modern Classrooms

Our spacious, well-equipped classrooms provide an engaging learning environment where students can participate actively, collaborate with confidence, and learn comfortably.

Science Laboratories

Practical learning is an essential part of education. Our Physics, Chemistry, and Biology laboratories enable students to explore scientific concepts through observation, experimentation, and hands-on activities.

Computer & Technology Labs

Technology is integrated into the learning experience through modern computer laboratories that help students develop digital literacy, research skills, and confidence in using technology responsibly.

Library & Reading Resources

Our library encourages students to develop strong reading habits, expand their knowledge, and cultivate a lifelong love of learning through a carefully selected collection of educational resources.

Interactive Learning Spaces

Students benefit from learning environments that encourage discussion, teamwork, presentations, and collaborative problem-solving, making every lesson more engaging and meaningful.

Sports & Physical Development

Physical well-being is an important part of a balanced education. Students are encouraged to participate in sports and recreational activities that promote fitness, teamwork, confidence, and a healthy lifestyle.

Safe & Secure Environment

Student safety is our highest priority. The campus provides a secure, well-supervised, and disciplined environment where students feel respected, protected, and confident throughout the day.

Comfortable Student Facilities

Our campus is designed to support students' daily needs through clean, well-maintained facilities that contribute to a healthy, organised, and welcoming educational environment.

A Campus That Inspires Excellence

Every facility at CHANAB Centre of Excellence has been planned with one purpose—to provide students with the best possible environment to learn, grow, and succeed.

We continue to invest in our campus to ensure every student benefits from an educational experience that is modern, engaging, and future-focused.

A Place Where Learning Comes to Life.
